From Sri B. Anantachar, M.L.A., dated the 7th May 1950.

2. A sum of Rs.26,000/- was provided in the Budget for 1949-50 for the provision of additional accommodation for the Government Middle School for Girls, Hospet. ~~Subs~~ Subsequently, the Hospet Municipality ~~reported that~~ proposed the transfer of ~~its~~ two buildings in the old Municipal Choultry for the use of the school in exchange for the existing school building. The Director of Public Instruction recommended that the proposal might be accepted and that Form IV might be opened in the school from the school year 1949-50 by utilising the provision made for the construction of additional buildings (as soon as the school is moved to the municipal buildings). The C.E., P.W.D., who was consulted in the matter has reported that the exchange may be approved subject to the following conditions:-

vide the Part-II Scheme note on p7 cf linked file (Dept.)

p18 cf in the linked file

(i) that the Municipal Council agrees to carry out the essential repairs to the Municipal buildings at an estimated cost of Rs.5000/- according to the estimate prepared by the P.W.D., and

p16 cf in the linked file (Dept.)

(ii) that the Council, in addition, is willing to pay to the Government, the difference in the cost of the Government Building and Municipal buildings, namely, Rs.2,000/-.

The L.A. Department have ~~advised~~ stated that the Council can meet the expenditure involved in the acceptance of the above conditions. The ~~Director~~ Commissioner has, therefore, been asked to forward the necessary resolution of the Council agreeing to the exchange of the buildings on the conditions mentioned above.

pp15-20 cf in the linked file

memo on pp 33-4 cf in the linked file (Dir linked)

3. As the accommodation in the existing building of the school is not adequate even for the present classes and forms, the Director has recommended the opening of Form IV in the school after the school is moved to the two municipal buildings proposed for exchange with the Government building. It is not clear from the Chairman's letter on page 3 c.f. as to what arrangements are proposed to be made for the

provision of temporary accommodation for opening the form. In the circumstances, it is for orders whether the opening of Form IV in the school (from the school year 1950-51) may be sanctioned, irrespective of a decision on the exchange of the municipal and government buildings. (The extra cost involved in the opening of the form (in 1950-51) is Rs. 1,100 roundly /-/ on the employment of a L.T. Assistant in the scale of pay or Rs.85—175.)

| R on p.4 of | The increased annual recurring charges on account of the opening of the Form IV would be | Rs. 1,200. |

Education have observed

B

that the strength of the school is economic except in Form IV and it may be expected to improve with the course of one or two years.

From the statistics of present class and Form-wise strength furnished by the DPI it is seen that the III form has only 14. It may be noted that the minimum fixed by Govt. in each form or section in respect of girls schools is 15 as economic strength. If Form IV is opened as proposed it is doubtful if they will be economic strength.

In view however of the representation it may agree to the opening of Form IV in the school subject to the following conditions.

1) The post of L.T. Asst. may be sanctioned for a period of one year in the first instance i.e. during the school year 1950-51. The DPI may be asked to report through the normal forms whether the strength of the additional Form IV proposed may be watched during the first two years and if then it is not economic in its strength the Form may be abolished.
